This Qualified Default Investment Alternative (QDIA) notice gives you important investment information related to your account under the LIFE CARE CENTERS OF AMERICA INC. 401(K) SAVINGS PLAN (the Plan). **You should read this notice very carefully to understand how your Plan account assets will be invested if you do not make an investment election for all or any portion of your account.**

The Plan lets you invest your account in a number of different investment funds.

Unless you provide an investment allocation for your Plan account by choosing from the investment fund(s) available in the Plan's lineup, the Plan's investment fiduciary will direct the investment of your account into the following Plan asset allocation models ("Models"):

The Plan's investment fiduciary has determined the asset and risk profiles for each Model and selected the specific Plan investment funds allocated within the Models. Please note that the Plan's investment fiduciary has designed the Model to periodically rebalance your entire account based on a pre-determined frequency (e.g., quarterly basis, annual basis).

For more details on the investment funds which comprise the specific asset allocation of each Model, please log onto your Plan account online.
